About Me

Seeking a full stack developer position where I can utilize my skills and knowledge in front-end and back-end development to deliver high-quality, responsive web applications that meet the client's requirements

Experience (2022-2023)

Working For TATG Private Limited as Intern of FULL STACK DEVELOPER.

- Shop Management Software (Dec 2022 to June 2023)
 - Led Development : Created shop management software using HTML, CSS, JavaScript, PHP, AJAX, and MySQL.
 - Streamlined Operations : Enhanced product, purchase, stock, and selling management with real-time tracking and reporting,
 - Recognized Impact : Applauded for improving shop operations through user-friendly interfaces and innovative technology integration.

Project

- College Attendance Management Website
 - Dynamic Attendance Website : Developed a college attendance management site using HTML, CSS, JavaScript, PHP, MySQL, and AJAX,
 - Multi-Panel Approach : Designed Admin, Teacher, and Student panels for streamlined admission, routine management, and attendance tracking,
 - Stakeholder Collaboration : Collaborated with stakeholders to enhance administrative and educational efficiency.
